## HOW DOES IT WORK?

We like to keep things simple, so here's what we do into three easy steps:

1. We listen.
2. We design.
3. We bring your dream to life.

### WE LEARN ABOUT YOUR DREAM WEDDING.

We meet up at your wedding venue to hear all about just that. We chat through your colour palette, décor ideas, your style and overall vibe you want for your special day. We love to reflect your unique personality and style to create a look that captures the essence of you as a couple.

### WE DESIGN THE LOOK AND FEEL.

We take everything we've learned to create unique moodboards to show your colour palette, the overall look and feel, and decor and styling for your ceremony and reception. Our signature style is timeless, bohemian, rustic and effortlessly cool. Nothing ever gets crafted, styled or installed without your say so.

### WE BRING YOUR DREAM TO LIFE.

We professionally flower and style your ceremony and reception venues to create a beautiful space for you and your guests.
