

WEDDING DESIGN & STYLING - £750.00

How it works:

- We meet up at your wedding venue to discuss décor ideas and the style and look you would like for your special day
- I will then create your unique moodboard to show your colour palette, the overall look and feel, décor ideas for each area and the layout
- You will have access to all Wonderlands props and decorations for use at your wedding
- Most venues provide furniture, table cloths, napkins and chair covers. If your wedding is in a marquee, tipi, yurt or similar you may need to hire these and I can make recommendations for suppliers, items and colours that will match your wedding design style
- A professional stylist/s will come in and decorate your venue (either on the day or day before)
- During set up we collaborate with your other suppliers such as your florist, furniture hire and venue to make sure everything is visually spot on ready for when you and your guests arrive
- If you have any of your own diy makes or additionally sourced items we can place these during set up
- Change over styling if required (from ceremony to reception)
- We come back after your wedding to pack down all of the props and decorations that we have installed

Let Wonderlands take your wedding vision to the next level. From our initial meeting at your venue, through to styling and installation, you can relax knowing that your wedding will be professionally designed and styled flawlessly.
